

cardsforhospitalizedkids

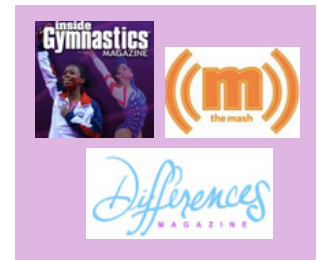

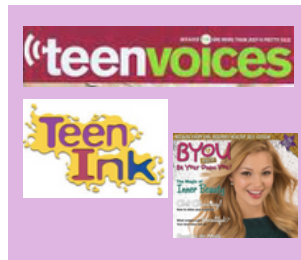

Doctors provide medicine and we provide hope, joy & magic.

About CFHK

Cards for Hospitalized Kids (CFHK) is a charitable organization that spreads hope, joy & magic to hospitalized kids across America through uplifting, handmade cards. We distribute cards to Children's Hospitals and Ronald McDonald Houses (RMH) across the country in all 50 states. We distribute "general" cards monthly as well as holiday cards for major holidays.

Over 500,000 kids in hospitals in all 50 states have received cards from CFHK since our inception. We believe this is just the beginning. We hope you will get involved and help us in spreading strength & smiles to as many hospitalized kids as possible.

About the Founder

Jen Rubino is the founder of Cards for Hospitalized Kids (CFHK). Jen's inspiration for founding CFHK comes from her own experiences as "hospitalized kid", undergoing 20+ surgeries in the hospital as a child.

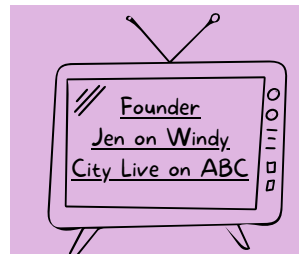

Jen's experiences in the hospital showed her just how difficult it is to be a child or teen who is hospitalized and/or seriously ill. Hospitalized kids often feel forgotten, sad, lonely and isolated.

In February 2011, Jen was recovering from a major hip reconstructive surgery at Lurie Children's Hospital that resulted in her spending a week in the pediatric intensive care unit.

She was missing school, her friends and life outside the hospital. During that very difficult time, Jen received a handmade card from a hospital volunteer that really brightened her day and reminded her she wasn't forgotten. This inspired Jen to found CFHK to do the same for other kids.

While CFHK began as a small, local effort, it has grown into the national charity it is today. Over 500,000 cards have now been distributed to patients and their families.
